

Special thanks to The SeriousFun Children's Network of camps for including [A Perfect Day on Kickstarter](#) in this month's alumni news!

see story #2 below

## Alumni Doing Great things!

1. We got some great news from Alumni Camper **Stefanie Vuotto**. She writes in to share, "I recently completed my PhD in psychology from Fordham University and will be starting a postdoctoral fellowship at St. Jude Children's Hospital in Tennessee this fall... in fact... just about a week after my wedding! I've attached a picture of my fiance, John Quinn, and myself on graduation day. Looking forward to starting work at St. Jude's and reminding the supportive care teams down there about the important work being done at Camp and all the Serious Fun Children's Network programs." Thanks for the update Stefanie. Congratulations!!!

2. "Childhood camp songs tend to become "classics" in our minds. We easily recall the lyrics. But, more than that, we remember how it felt to sing them at the top of our lungs, in majestic settings with people we'd bonded with and who cared about us." Former Summer Staff **Dr. Ben Meisel** writes in to share an exciting project he's working on! Intrigued? Check it out [at http://kck.st/1stZo6v!](http://kck.st/1stZo6v!)

3. Proud Godfather, former Staff and current Volunteer **Chris Milmo** writes in on behalf of his friends, **Brian (former Staff)** and **Kate McKenna** who welcomed beautiful baby Liam Patrick McKenna to the world on Friday, June 13th, 2014. He reports that everyone is happy and well. Much love and joy from your Camp Family !!
